

High-fidelity. Low profile.

Leon's Profile™ Series speakers are hand-crafted and built-to-order to match the **exact height and finish of any flat-panel display**. Available as multi-channel or stereo speakers, the Profile Series provides a powerful, high-fidelity two channel or Living Space home theater experience. The Profile 606 is the largest, most powerful speaker in the Profile line, featuring Peerless 6" woofers for maximum power handling and sound pressure levels (SPL). Designed to fill big rooms with high-fidelity audio, the Profile 606 produces deep, resonant bass, detailed midrange and crystal-clear high end. The Profile 606 is the perfect solution to match breathtaking, high-definition audio with cinema-sized displays and projection screens.

Custom built to match the **exact height and finish of any display**

Solid MDF cabinets only 4" deep, meticulously finished by hand

Multi-channel option available for LCR or distributed audio applications

Easily mounts to any articulating TV with Leon's exclusive brackets

Also available as freestanding towers

Picture perfect sound™

Available as Stereo or Multi-channel

PR606
