

#### Description

Leon's Profile Series ultra-thin sidemount speakers are designed to complement today's thinnest TVs, providing high-performance audio in the slimmest possible enclosure. Built to match the exact height of any display, all of our Profile ultra-thin models use audiophile-grade components to bring music, movies, and TV to life with stunning detail and authenticity—all in a cabinet as thin as 2.75". Perfect for mid to larger spaces throughout the home.

Recommended with Aaros A10-UT, Detail Ds33UX

#### Key Features

- Custom built to match the exact height of any display
- 3" ultra-thin, audiophile-grade woofers and 1" silk-dome tweeters provide extreme precision and musical detail
- 2.25" depth perfectly complements any ultra-thin TV
- Easily mounts above or below any TV, or directly to the wall with Leon's exclusive mounting brackets
- Available as a stereo pair, or as multi-channel speakers
- Solid MDF construction, handcrafted in the USA
