

MEDIA DÉCOR

Design for Technology

———— MEDIA DÉCOR ————

Design for Technology

Bringing harmony to your home, Media Décor elegantly blends design with technology to enhance the entertainment environment. Our products are custom-designed to seamlessly integrate into your space, concealing any TV with beautiful artwork and handcrafted frames.

Installation by AV Awakenings

EDGE MEDIA FRAME

The Finishing Touch for Any TV

Inspired by mid-century media furnishings, our Edge Media Frame encases any TV in one simple design. Handcrafted out of solid hardwood and custom-finished to blend seamlessly into the décor, Edge brings the finishing touch to any home entertainment system.

Available with audio integration

Edge Media Frame

Handcrafted frame that encases any TV and speakers while hiding the mounting and wiring.

Finishes: Light Oak, Walnut, Cherry, Grain White, Grain Black, Matte White, Matte Black, or any custom paint color.

Installation by Northside Homeworks

MOVING ART SCREENS

Technology That Moves You

Our Moving Art Screens elegantly frame your TV, concealing it behind beautifully printed artwork. Choose from our curated art and frame galleries to create a one-of-a-kind statement piece that perfectly complements your décor.

Moving Art Screens

Conceal any TV with art and custom frames.

Available in 2 models:
Elite and Illusion.

LUTRON All Moving Art Screens are powered by Lutron motors.

Choose Your Model

Find the perfect Moving Art Screen to suit your space

Elite Moving Art Screen

Recessed or surface-mounted for TVs up to 65"

The Elite is our premier Moving Art Screen, featuring a patented movement that silently scrolls artwork up and down. Using magnetic tensioning to hold art flush to the back of the frame, the Elite provides a seamless solution for TV concealment.

Illusion Moving Art Screen

Recessed or surface-mounted for TVs up to 120"

Designed for large-scale TVs, the Illusion provides a refined solution for concealing your TV. Functioning with the movement of a traditional shade, artwork silently moves away to reveal the display behind it.

Audio Integration

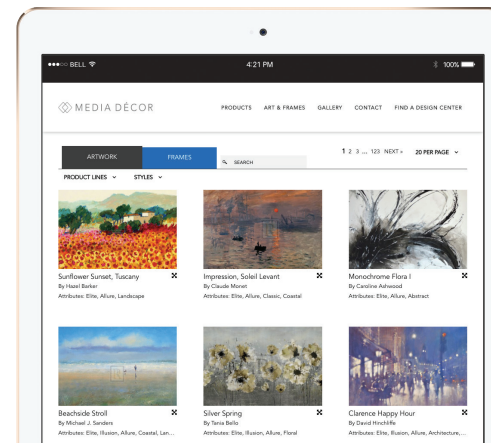

Add Leon Speakers to any Moving Art Screen

For the complete entertainment experience, Leon Speakers provides custom audio solutions built to match the dimensions of any TV—allowing for easy integration with all of our Media Décor products.

Make It Yours

Every Moving Art Screen is custom-built to allow for ultimate design flexibility

Fine Art

Choose from thousands of works of art

Whether you're looking for contemporary, abstract, or more traditional artwork, our curated galleries can accommodate any style.

Personal Art

Use artwork from your own collection

For a more personalized aesthetic, we can work with family or personal photographs and custom artwork. Contact us for details.

Designer Frames

Select from dozens of premium frames

Choose a frame worthy of any masterpiece, from traditional Italian molding, to more contemporary designs. Our hand-selected galleries provide options to complement any décor.

Installation by Crescendo Designs, New York

ECLIPSE ART LIFTS

Elevate Your Décor

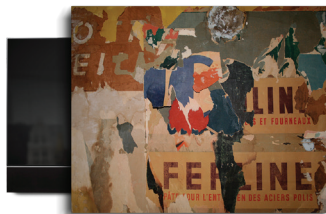

Our designer series of Eclipse Art Lifts keep your artwork on full display, while giving you the flexibility to create a modern home entertaining space. At the touch of a button, you can elegantly slide any piece of original artwork, mirror, or decorative panel to reveal and conceal the TV behind it—all with no visible tracks.

Available in 3 Models

Eclipse Vertical

Lifts artwork vertically to reveal and conceal the TV behind it.

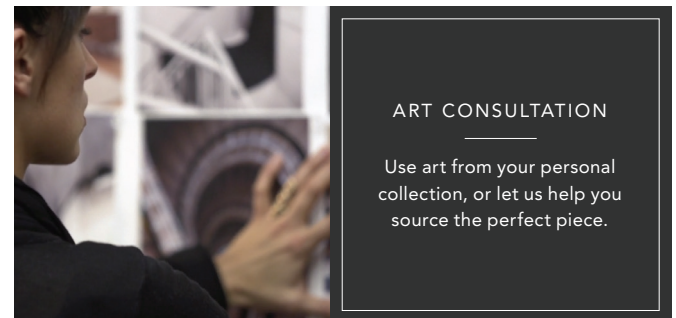

Eclipse Horizontal

Slides artwork horizontally to reveal and conceal the TV behind it.

Dual Eclipse

Splits artwork down the center, moving it to either side of the display.

ART CONSULTATION

Use art from your personal collection, or let us help you source the perfect piece.

LUTRON All Eclipse Art Lifts are powered by Lutron motors.

Shown: Ente SoundTile
with screen printed grill

ENTE SERIES

Shape-shifting Audio for Sonos

Working with Sonos® to develop a line of lifestyle products powered by their new amp, our Ente Series is a plug-and-play solution that brings enhanced sound and Leon's signature style to your Sonos system.

Shown here without grill

Ente SoundTile

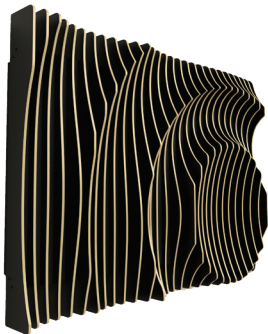

Two channels of audio by Leon and power by the SONOS AMP® featuring a custom grill with screen-printed artwork.

Ente Soundbar

The Ente Soundbar features two channels of reference grade audio and a stylized grill covering.

Available in 3 models

Ente Sound Sculpture

A sculptural piece featuring curved black and white Baltic Birch panels interspersed between audio channels.

INTEGRATED LIGHTING

Add LED lighting to our Ente Series for an illuminated experience.

— ABOUT US —

Handcrafted in the USA

Our team of craftsmen are dedicated to producing the finest quality benchmade American audio. For over 20 years, we've been meticulously handcrafting a full palette of customizable speakers and technology concealment solutions, all designed and manufactured in the US.
