MOVING ART SCREENS

Technology That Moves You

Leon's Moving Art Screens elegantly frame any TV while concealing it behind custom-printed giclée artwork. Choose from our curated art and frame galleries to create a one-of-a-kind statement piece that perfectly complements your décor.

Elite

Our premier Moving Art Screen, Elite features a patented scrolling movement that holds artwork flush to the back of the frame.

Illusion

Available for recessed or surface-mounted TVs up to 120", Illusion scrolls artwork like a traditional shade to reveal the display.

Audio Integration

For the complete audiovisual experience, add a custom-width soundbar

 **LUTRON**. All Moving Art Screens are powered by Lutron motors.

Artwork to Suit Any Style

Whether you're looking for contemporary, abstract, or more traditional artwork, our curated galleries from Rosenstiels can accommodate any style. Or, use artwork or photos from your personal collection.

ECLIPSE ART LIFTS

Elevate Your Décor

Our Eclipse Art Lifts keep your artwork on full display while providing the flexibility to create a modern home entertainment space. At the touch of a button, you can elegantly slide any piece of original artwork, mirror, or decorative panel to reveal and conceal the TV behind it—all with no visible tracks.

Eclipse Vertical

Lifts artwork vertically to reveal and conceal the TV behind it

Eclipse Horizontal

Slides artwork horizontally to reveal and conceal the TV behind it

Dual Eclipse

Splits artwork down the center, moving it to either side of the TV

 **LUTRON**. All Eclipse Art Lifts are powered by Lutron motors.
